Cryptocurrency Investment

With the rise of cryptocurrencies and especially Bitcoin, which has recently grown exponentially; taking advantage of that state in order to build wealth has now become a priority for all. There are certainly several other ways of earning from cryptocurrencies but we will be focussing on just mining and being able to earn on a daily basis, and that is from anywhere in the world it is allowed.

Featured Business Opportunity

BitClub Network was founded in 2014 by a team of Blockchain experts, working together to create an unprecedented mining opportunity. Its mission is to help everyone cash in on the cryptocurrency opportunity provided by the emerging Blockchain technology. BitClub Network is one of the world's top 10 Bitcoin mining pools, and has also helped its members increase their digital holdings of Ethereum, DASH, Monero, and Zcash.

*BitClub Network membership is by invitation only and costs \$99.00 (**Once Off**)

[BitClub Network](#) offers the option to members to purchase as many shares as they can afford from any or all of their proposed mining pools. The members are paid daily for **1000 days (Monday to Sunday)** and can adjust how much of their earnings they want to be made available for withdrawal or reinvestment.

You are in control, you decide.

BitClub Network Compensation Plan

BitClub Network is building one of the largest mining pools in the world and everyone who joins can get a piece of all the digital tokens being mined daily.

Not only do we give you mining earnings but we have a cutting edge referral based compensation plan that can be very profitable.

The whole concept of "Mining" is tough for most people to grasp because it's basically a machine that prints money. These specialized mining machines plug into the wall and they start producing Bitcoin or other Digital Assets. These coins can then be exchanged for cash or you can hold them and spend them directly.

How Do I Get Paid?

We have 3 Bitcoin mining pools and a GPU mining pool that you can participate in. When you purchase a share of these mining pools you are actually purchasing a contract for **1,000** days of Bitcoin mining or **1,000** days of GPU mining.

For each share purchased you will receive a daily payouts of whatever is being mined in the pool you purchased. These commissions are paid to your BitClub wallet and each pool has their own requirements to use a certain percentage of your earnings for expansion, maintenance, electricity, cooling, and other expenses.

The reason our pay plan is so exciting is because you are paid commissions on EVERY person that you share this opportunity with. Anytime they earn Bitcoin from a share of the mining pool you will also earn a percentage based on where they fall in your Level Up structure.

The screenshot shows the homepage of the SMERGERS website. At the top, there is a navigation bar with the SMERGERS logo, a search bar containing the text "Ex: Businesses for sale in United States", and buttons for "Register", "+ Add Profile", and "Login". Below the navigation bar is a main banner area featuring a smiling man in a light blue shirt and striped tie, holding a tablet. The banner text reads: "Thousands of Business Owners connect with Investors and Advisors on SMERGERS to Finance or Sell their Business". Below this text is a diagram with a central horizontal dotted line labeled "GROWTH" at its right end. Above the line are four colored circles: a yellow circle labeled "INVESTORS" with a dollar sign icon, a blue circle labeled "LENDERS" with a briefcase icon, a green circle labeled "ADVISORS" with a group of people icon, and an orange circle labeled "ACQUIRERS" with a circular arrow icon. Below the line is a blue circle labeled "BUSINESS" with a document icon. At the bottom of the banner, the text "Start Connecting Today!" is displayed above three yellow buttons: "Create Business Profile" (under "Business Owners"), "Create Investor Profile" (under "Investors, Acquirers & Lenders"), and "Create Advisor Profile" (under "M&A/Fundraising Advisors").
